Performance

Screamin' Eagle® Milwaukee-Eight Engine Stage IV Kit – 117CI to 131CI

For the rider demanding no-compromise performance. This 117CI to 131CI Stage IV Kit was engineered by the pros at Harley-Davidson to deliver instant arm-stretching torque through the entire rpm range. Made for riders seeking maximum displacement, compression, and power to weight ratio. This Stage IV Kit features the finest Screamin' Eagle® components. Many of these new components were informed by extensive testing by the Harley-Davidson Factory Racing Team for the King of the Baggers racing series. The Stage IV kit consists of: All-new Screamin' Eagle® Extreme CNC-ported cylinder heads, 68mm throttle body and new cast 68mm intake manifold, new SE8-550 high-lift cam and 6.8 g/sec fuel injectors work together to feed the engine large volumes of air and fuel to help maximize power. New forged high-compression pistons and rings are designed to withstand increased combustion forces. Also includes high-performance tappets and new patent-protected 4.31" steel sleeve cylinders. Screamin' Eagle and Stage IV badging on the cylinder heads and timer cover highlights the powerplant.

- Black Highlighted
- We've done your homework - Engineered and tested as a complete collection of high-performance components by the Screamin' Eagle pros at Harley-Davidson
- This combination is designed for wide open throttle along with high end RPMs and a significant torque increase from a cruising speed
- Provides thrilling acceleration when twisting the throttle
- Can be installed without removing the engine from chassis
- Screamin' Eagle products are not available for sale and are not street legal in all countries. Please contact your local dealer for more information

Part Number: 92500146

Fits '25-later Softail® models. Requires ECM recalibration with Screamin' Eagle® Pro Street Tuner for proper installation. Does not fit California models..

Performance

Screamin' Eagle® Milwaukee-Eight Engine Stage III Kit – 121CI to 125CI – (Black Granite)

This Stage III kit has been developed to deliver the kind of real-world power increase Touring riders will feel each time they roll on the throttle. The bump up in displacement and compression paired with a Screamin' Eagle® SE8-511 camshaft deliver a significant increase in torque and power over stock and may restore the sensation of riding solo when you're loaded down with a passenger and gear.

- Black Granite Highlighted finish
- Deletes Original Equipment Variable Valve Timing (VVT)
- Delivers up to 15% more horsepower and 17% more torque compared to the Original Equipment CVO engine configuration and 5% power and 4% torque increase over a CVO ST engine configuration
- We've done your homework - This street-compliant performance kit has been designed and tested as a system by the performance experts at Harley-Davidson
- Includes 4.155" Big Bore Bolt-On Cylinders, Forged 10.9:1 High Compression Pistons and Rings, SE8-511 Camshaft, High Capacity Tappets, Stage III Timer Cover Medallion
- Includes Multi-Layer Coated Head Gaskets, Cylinder Base and Cam Cover Gaskets, most necessary gaskets and seals
- 49-State U.S. EPA compliant

Part Number: 92500141

Fits '23-later FLHXSE and FLTRXSE, '24-later FLTRXSTSE and '26-later FLHXLSE and FLHXSTSE models. All models require ECM calibration with Screamin' Eagle® Pro Street Tuner for proper installation. Does not fit California models..

NEW PRODUCT CATALOG '26

Performance

Screamin' Eagle® 4.155" (125CI) Big Bore Bolt-On Cylinders – Milwaukee-Eight®

Engine – Black Granite Highlighted

Increase the displacement of your Milwaukee-Eight® engine without removing the engine from the chassis. The Screamin' Eagle product team has engineered a 4.155" Big Bore Cylinder that increases the internal bore but slips into the existing case bore without modification. When combined with the appropriate piston combination in the Screamin' Eagle® Stage III kit, these cylinders can increase the displacement of your Milwaukee-Eight engine from 121CI to 125CI.

- Black Granite Highlighted
- Kit includes front and rear cylinders and gaskets

Part Number: 16800442

Replacement cylinders for '23-later FLHXSE and FLTRXSE, '24-later FLTRXSTSE and '26-later FLHXLSE and FLHXSTSE models equipped with a 121ci to 125ci Stage III kit.

Screamin' Eagle® Forged High-Compression Piston Kit – 4.155" X 4.625" (125CI)

Developed to work in concert with the Screamin' Eagle® Milwaukee-Eight® 125CI engine Stage III kits, these pistons increase the engine's compression to 11.0:1 and deliver impressive gains in torque and horsepower when coupled with those kits.

- Designed for use with 4.155" Big Bore Cylinders
- Forged from high-strength aluminum
- Precision-machined and features coated skirts for a tight-tolerance fit and quieter operation
- Complete kit includes two pistons, rings, wrist pins and clips

Part Number: 21900183

Replacement pistons for '23-later FLHXSE and FLTRXSE, '24-later FLTRXSTSE and '26-later FLHXLSE and FLHXSTSE models equipped with a 121ci to 125ci Stage III kit.

NEW PRODUCT CATALOG '26

Performance

**Screamin' Eagle® Racing Pro Billet Clutch Basket – 46T**

A race-proven component for your high-performance Milwaukee-Eight® engine. This Screamin' Eagle® Racing Pro Billet Clutch Basket was developed by the Harley-Davidson Factory Race Team competing in the Mission King of the Baggers series. Precision CNC machined from premium 7075-T6 aluminum for superior strength and durability.

- CNC machined from 7075-T6 aluminum for superior strength and durability
- Hard anodized finish for superior wear resistance
- Assemble to a new ring gear and bearing enables quicker installation
- Laser etched Screamin' Eagle logo

Part Number: 37000402A

Fits '17-later models equipped with Milwaukee-Eight engines.

Screamin' Eagle® Timer Cover Medallion – 125CI Stage III

Showcase your bike's performance enhancements with the Screamin' Eagle® Stage III insert.

- 125 Stage III
- Made to complement the Screamin' Eagle Timer Cover Base (sold separately)
- Included in Screamin' Eagle Stage III 121CI to 125CI Kits

Part Number: 14102076

Fits '23-later Center Cooled models.

NEW PRODUCT CATALOG '26

Performance

**Screamin' Eagle® Vortex Extreme Air Cleaner**

Screamin' Eagle® Vortex Extreme Flow Air Cleaner Kits allow free breathing and unobstructed airflow to your Milwaukee-Eight® engine. Your engine gets more air, and you can feel more power throughout the rev range. Designed specifically for models with fairing lowers where legroom is essential.

- Shaped to maximize air flow and power gain while allowing for knee range of motion while using the rear brake and floorboard
- Showcases all four pushrods of the Milwaukee-Eight powertrain
- Standard rain sock keeps water, dust, and debris from contacting your air filter - extra insurance when riding in the elements
- Full kit includes backing plate, air filter element, cover, rain sock, and all necessary mounting hardware
- 49-State US Compliant

Part Numbers:

29400528 – Black.

29400527 – Chrome.

Fits '25-later Softail, '23-later Touring and '26-later Trike models with Center-Cooled Milwaukee-Eight engines. Does not fit California models. All models require ECM calibration with Screamin' Eagle® Pro Street Tuner for proper installation.

NEW PRODUCT CATALOG '26

Performance

Screamin' Eagle®/Öhlins® Remote Reservoir Rear Suspension

Experience the ultimate in handling and ride quality with this Screamin' Eagle®/Öhlins® Remote Reservoir Rear Shock. This mono tube remote reservoir coil-over shock is adjustable to match your riding style. Set the sag with the adjustable preload then fine tune the response with adjustable compression and rebound damping. A remote reservoir and exposed adjusters add a performance style. Expertly tuned by Öhlins® and Screamin' Eagle® with the aggressive Softail® motorcycle rider in mind.

- No tools required for preload, compression and rebound damping adjustments so changes can be made quickly and easily
- Use external adjuster to set suspension preload for optimal performance based on rider, passenger, and gear weight
- Adjustable compression damping on the remote reservoir and adjustable rebound damping on bottom of shock body
- 46mm piston diameter
- Hard-anodized precision CNC-machined components
- High-pressure nitrogen gas-charged design resists heat fading and low-friction shaft/seal head design for smooth performance
- Fully serviceable and repairable through Öhlins®

Part Number: 54000384

Fits '25-later Softail® models.

Center-Cooled Milwaukee-Eight® Radiator Guard

Rugged and beautiful protection for your radiator. This aluminum Radiator Guard is designed to protect the Center-Cooled Milwaukee-Eight® radiator from road debris which could cause an unwanted radiator repair.

- Formed of bright aluminum
- Does not impede air flow to the radiator
- Factory-integrated design ensures a perfect fit and easy installation
- Mesh design adds rugged style to the bike

Part Number: 57300493

Fits '23-later Touring models with Center-Cooled Milwaukee-Eight® engines except models with fairing lowers.

Function

Harley-Davidson® Audio Powered By Rockford Fosgate® – Stage II Saddlebag Speakers with Lid Cut-In System

Step up to the ultimate motorcycle audio experience. Harley-Davidson® Audio powered by Rockford Fosgate® Stage II speakers deliver ultra-clear highs, super clean mids, and ground thumping bass. The cut-in system includes a template that allows you to cut the speaker opening using simple handheld power tools and includes a bucket and backer that form the speaker cradle. These amplified three-way speakers feature a durable injection molded woofer and a separate bridge-mounted Midrange and Tweeter speakers. Each speaker unit is rated to handle up to 150 watts of power and designed to deliver outrageous volume with less distortion for amazing sound even at highway speeds. With two amplifiers up to eight Stage II speakers can be installed in a single system.

- Speakers mounted in saddlebag lids surround the rider and passenger with sound and increase the over-all volume of the audio system
- H-D® Audio powered by Rockford Fosgate® products are garage-ready in most cases - Following installation, simply configure your new system using the Skyline™ OS touchscreen prompts
- Element Ready™ design is purpose-built for the harsh motorcycle environment to stand up to water, dirt, UV, and motorcycle vibration, to help ensure that your audio system will stand the test of time
- Vibration-tested 5"x7" waterproof 2 ohm speakers feature injection molded woofer cones with a high-flux Neodymium magnet and 20mm Tweeter and 30mm Midrange speaker
- Kit includes Left and Right Stage II Saddlebag Speakers, Saddlebag drill cutting template, bucket & backer, all installation hardware
- Molded Color-Matched Saddlebag Speaker Lids can be used in place of the cut-in system (separate purchase required).

Part Number: 76001555

Fits `24-later Touring models (except `24 FLHTK and FLTRK) equipped with Skyline OS. Installation requires separate purchase of Saddlebag Speaker Installation Kit P/N 76001300. Models equipped with one set or two sets of accessory speakers require purchase of Primary Amplifier Kit P/N 76001294 if not already equipped. Models equipped with three or four sets of accessory speakers require purchase of Primary Amplifier Kit P/N 76001294, Secondary Amplifier Kit P/N 76001444 and Left Saddlebag Amplifier Installation Kit P/N 76001385 if not already equipped.

Function

Harley-Davidson® Audio Powered By Rockford Fosgate® – Stage III Saddlebag Speakers with Lid Cut-In System

Take your audio experience to the limit with the largest and most powerful speakers ever offered by Harley-Davidson, now available in a complete kit that uses your original equipment saddlebag lids. The cut-in system includes a template that allows you to cut the speaker opening using simple handheld power tools and includes a bucket and backer that form the speaker cradle. These 6x9" Harley-Davidson® Audio powered by Rockford Fosgate® Stage III high-performance three-way speakers deliver ultra-clear highs, super clean mids, and ground thumping bass.

- Speakers mounted in saddlebag lids surround rider and passenger with sound and increase the over-all volume of the audio system
- H-D® Audio powered by Rockford Fosgate® products are garage-ready in most cases - Following installation, simply configure and fine tune your new system using the Skyline™ OS touchscreen prompts
- Element Ready™ design is purpose-built for the harsh motorcycle environment to stand up to water, dirt, UV, and motorcycle vibration, to help ensure that your audio system will stand the test of time
- Vibration-tested 6x9" waterproof 2-ohm speakers feature injection molded woofer cones with a high-flux Neodymium magnet and 20mm Tweeter and 30mm Midrange speaker
- Kit includes Left and Right Stage III Saddlebag Speakers, Saddlebag drill cutting template, bucket & backer, all installation hardware
- Molded Color-Matched Saddlebag Speaker Lids can be used in place of the cut-in system (separate purchase required).
- Includes Performance Red Stage III trim rings and grille inserts

Part Number: 76001556

Fits `24-later Touring models (except `24 FLHTK and FLTRK) equipped with Skyline OS. Installation requires separate purchase of Saddlebag Speaker Installation Kit P/N 76001300. Models equipped with one set or two sets of accessory speakers require purchase of Primary Amplifier Kit P/N 76001294 if not already equipped. Models equipped with three or four sets of accessory speakers require purchase of Primary Amplifier Kit P/N 76001294, Secondary Amplifier Kit P/N 76001444 and Left Saddlebag Amplifier Installation Kit P/N 76001385 if not already equipped.

Fits '23-'25 Touring models (except FLTRXRRSE) equipped with Skyline™ OS infotainment systems

NEW PRODUCT CATALOG '26

Function

**Overwatch Weekender Tail Bag**

The rugged Overwatch Weekender Tail Bag offers removable luggage capacity with sleek, low-profile lines and loads of road-worthy features. Designed to be mounted with a sissy bar. Side and top zipper openings offer multiple ways to pack and access your gear while zippered pockets on each side offer easy access storage for such as keys, wallets or small tools.

- Constructed from 1680 Denier UV-stable Polyurethane (PU) coated water resistant Polyester
- Water-resistant zippers
- Hi-vis gray interiors make the bag contents visible even in low light
- Buckled top flap offers an easy and secure spot to clip on an extra jacket or blanket.
- Zippered pockets on each side offer easy access storage for such as keys, wallets or small tools.
- Includes carrying handle and padded rider support for added functionality
- DIMENSIONS (approximate): 14.5" L x 22.8" W x 9" H
- CAPACITY (approximate): 30L
- WEIGHT LIMIT: 16 lbs

Part Number: 93300183

Installation requires a sissy bar upright and a backrest pad. Luggage rack required if not mounting on a passenger pillion. Fits '14-later Touring models without Tour-Paks. Fits '18-later Softail models including FXBB, FXBBS, FXLR, FXLRS, FLFL, FLDE, FLFB, FLFBS, FXBR and FXBRS. Fits '21-later RA1250, RA1250S and '22-later RH975 and RH975S. May interfere with some accessory saddlebags when installed on passenger seat.

NEW PRODUCT CATALOG '26

Function

**Wind Splitter 4.5" Windshield – Red**

The Wind Splitter Windshield now available in red is shaped for the perfect combination of effective airflow management and wow styling.

- Distinctive red tint originally seen on 2026 CVO™ Road Glide® ST models
- Sweeping design complements the shape of the fairing and the inner dash panel, and adds height over a traditional low-profile wind deflector in the center where it counts.
- Polycarbonate material and stylish tint is protected by a scratch-resistant layer.
- Easy-to-install with new floating bracket design and features Harley-Davidson script for a distinctive finishing touch.

Note:

Windshields, such as for color, are regulated in many locations. Check local laws to ensure your motorcycle meets applicable regulations.

Part Number: 57400726

Fits '23-later FLTRXSE, '24-later FLTRX and FLTRXSTSE and '26-later FLTRT and FLTRXL models.

Wind Splitter 5" Windshield – Red

The Wind Splitter Windshield now available in red is shaped for the perfect combination of effective airflow management and wow styling.

- Hand grips are a comfortable 1.5" diameter
- Easy to install
- Glueless design permits removal for servicing without damage

Part Number:

56100752 – Black.

56100750 – Chrome.

Fits '25-later Softail (except FXBB and FXBR), '26-later Touring, '23-later FLHXSE, FLTRXSE, '24-later FLHX, FLTRX, FLTRXSTSE, and '25 FLHXU models.

Switchback 3 Seat

This Switchback 3 Seat design puts your body in the proper touring position, and the generous padding makes it comfortable for both the rider and passenger as the miles are adding up. A vertical tuck and roll cover design with silver accent stitching and silver embroidered Bar & Shield logo gives this seat a custom look.

- Custom tuck-and-roll cover design adds style points
- Silver accent stitching and embroidered Bar & Shield logo
- Dished shape provides added rider back support
- Wide passenger pillion is shaped to minimize pressure points
- Seam-sealed in key areas to improve water resistance
- Rider Seat width 17.3". Passenger pillion width 12.2".

Part Number: 52000803

Fits '26-later FLTRT models.

NEW PRODUCT CATALOG '26

Fit

Grand Tour-Pak® Premium Luggage Rack

This full-sized rack is designed to complement a Grand Tour-Pak® luggage carrier equipped with an armrest-style passenger backrest. The rack protects both Tour-Pak® carrier's lid and passenger backrest from scratches.

- Lightweight steel tubing
- High-quality welded joints
- Hand-polished and chrome-plated for a long-lasting finish
- Includes all necessary mounting hardware

Part Number:

53001081 – Gloss Black.

53001082 – Chrome.

Fits '23-later Touring and Trike models with Grand Tour-Pak® carrier lids. Due to the hand applied nature of the Tour-Pak paint schemes, slight inconsistencies may be noticed with the rack installed. Trim may cover pinstripes or two-tone paint lines on some vehicles.

Airwing Grand Tour-Pak® Luggage Rack

The low-profile aerodynamic styling of this Air Wing Tour-Pak® Luggage Rack enhances the look of the Grand Tour-Pak® lid. The rich gloss black or chrome finished rack draws your eye with its sleek lines, and the engraved Harley-Davidson® script adds a signature touch.

- Protects both Grand Tour-Pak carrier lid and passenger backrest from scratches
- Die-cast wing and lightweight steel tubing are hand-polished before finishing for long-lasting beauty
- Kit includes all necessary mounting hardware

Part Numbers:

53001083 Black.

53001084 Chrome.

Fits '23-later Touring and Trike models with Grand Tour-Pak® carrier lids. Due to the hand applied nature of the Tour-Pak paint schemes, slight inconsistencies may be noticed with the rack installed. Trim may cover pinstripes or two-tone paint lines on some vehicles.

NEW PRODUCT CATALOG '26

Fit

**Grand Tour-Pak® Backrest Pad – Smooth**

This Grand Tour-Pak® Backrest Pad is shaped to surround your passenger in comfort. The curved shape cradles the back, and the integrated side wings fit naturally beneath your passenger's arms for added support.

- Backrest pad is shaped to surround your passenger in comfort
- Easy-to-install isolation mounts to reduce contact between the pad and the Tour-Pak® luggage
- Clean, smooth styling complements most seating surfaces

Part Number: 52300748

Fits Touring and Trike models equipped with Grand Tour-Pak Luggage. Original Equipment on FLHXL, FLTRXL and FLHLT models.

Grand Tour-Pak® Backrest Pad – Heated

Maximize cool-weather passenger comfort with this Heated Lower Backrest Pad. Designed to replace the Original Equipment lower backrest pad on the Grand Tour-Pak® Luggage Carrier, this pad is the perfect complement to a heated seat.

- Smooth black styling matches the Original Equipment lower backrest pad
- Off/High/Low heat setting controlled in tandem with the passenger seat setting the passenger heated seat switch
- Requires dealer installation to ensure software connectivity.

Part Numbers: 52300821

Fits '26-later FLHXL, FLTRXL and FLHLT with original equipment seat. Dealer installation required. Original Equipment on '26-later FLHXLSE and FLHLTSE models. Dealer Digital Technician update required for installation.

NEW PRODUCT CATALOG '26

Fit

**Grand Tour-Pak® Passenger Armrests**

If your passenger is happy, you'll be happy! These premium passenger armrests have been ergonomically designed to provide the ultimate in passenger comfort and are fully adjustable for individual fit.

- Soft pads provide excellent forearm support on a long ride
- Armrests adjust through several support arm locations and pad angles for a custom fit
- Both armrests conveniently swing out of the way for easy mounting and dismounting
- Robust adjustment mechanism keeps the arms in place while riding without a passenger
- High-quality black vinyl upholstered pads and support arms blend beautifully with Original Equipment seats and speaker pods
- Complete kit includes all required installation hardware

Part Number: 52400351

Fits '23-later Touring models equipped with Grand Tour-Pak Luggage. Does not fit with H-D Detachables Tour-Pak Mounting Racks or Screamin' Eagle/Ohlins Remote Reservoir Rear Shocks. Not compatible with Sundowner Heated Seats P/N 52000668 or 52000812.

Part Number: 52400352

Fits '26-later Trike models equipped with Grand Tour-Pak Luggage.

Garage

**H-D Heritage Full Synthetic 20W50**

Preserve and protect your older Harley-Davidson® motorcycle engine with Heritage Full Synthetic 20W50 motor oil. This modern motorcycle engine oil is specifically formulated for use in engines not equipped with an exhaust catalyst. Features a high content of ZDDP, a zinc-based additive used to help reduce wear on critical bearing surfaces.

- Tested and approved for use in specified Harley-Davidson motorcycles
- A modern full-synthetic motorcycle engine oil formulation for older model engines
- High ZDDP content (1,400 parts per million) to reduce wear on critical bearing surfaces
- For use as engine lubricant only – not compatible with transmission or primary cavities
- Not compatible with exhaust catalysts

U.S.

Part Number:
62600148 – 1 Qt.

Fits non-catalyst equipped motorcycles, including '09 and earlier 49-State Softail and Dyna, '03 and earlier 49-State Touring, '03 and earlier California Sportster, '13 and earlier 49-State Sportster.

International.

Part Number:
62600149 – 1 Liter.

Fits non-catalyst equipped motorcycles, including '96 and earlier Softail®, Dyna® and Touring, '03 and earlier Sportster® models.

NEW PRODUCT CATALOG '26

Garage

**Transparent Paint Guard Kit**

This transparent skin is designed to protect parts of the Trike bodywork from boot scuffs and road debris.

- Six pieces of crystal-clear material (3 per side) protect the area surrounding the passenger footboard
- Pre-cut to fit the leading and inner surface of the rear fender, the fascia panel of the trunk, and the side covers
- Application process is similar to that of tinted window film
- Material can be removed and replaced when it is no longer cosmetically appealing

Part Number:

11100354

Fits '26-later FLHLT except Canada. Not recommended for use on denim or aftermarket paint.

Part Number:

11100355

Fits '26-later FLTRT except Canada. Not recommended for use on denim or aftermarket paint.

NEW PRODUCT CATALOG '26
